More Than 275 People Attend Graduation Dance

Over 275 pupils, parents and other invited guests attended the Didsbury high school formal graduation dance in Melvin Hall, Friday, May 30.

At 10:30 the Grand March of high school students, greatly impressed those in attendance and the young ladies in their formal gowns and wearing corsages will be a well remembered sight for some time.

Graduating students are Donald Burgess, Gwendolyn Clarke, Roy Corless, Emilie Dupont, Geraldine Ford, Dolores Hader, June Klink, Carol Leavins, Patricia Leavins, Gordon McNaughton, LeVern Newfield, Shirley Rennie, Mona Stevens, Cameron Worlie, David Anderson.

Gordon McNaughton, president of the Students' Union, presented the address of welcome. Principal E. T. Wiggins gave a short talk and presented hockey awards. The Ladies' Sports Club trophy for most valuable player on the high school team went to Ron Brunwell; Little Stanley Cup, won by Sole's Rangers of the Pee Wee League, was accepted by Coach Ken Papke.

Mr. V. Iose then presented the two Ken Waugh trophies, one for the highest scorer in Pee Wee League to Billy Hughes, and one for most valuable player in Junior High School League to Howard Robertson.

Mr. Wiggins then called on Mr. Dale Kimmel, past president of the Didsbury Lions Club, who thanked the high school students who took part in the recent play, The Valiant.

Gifts in appreciation of the Lions Club had not arrived in time to be presented but are expected shortly. David Archer, David Anderson, Gordon McNaughton, and Cameron Worlie will receive a gift from the Lions Club for their part in the production.

Lunch was served by ladies of the L.O.E. and music was provided by a 9-piece orchestra from Red Deer composite high school.

To Construct New Road Into Hatchery

Didsbury was well represented at a meeting of the Olds Fish and Game Association Monday night, June 2, when representatives from the Fisheries Department were present to speak on fishing conditions in the area west of Didsbury, Olds and Innisfail.

A message from Mr. McDonald was read at the meeting and stated definitely that the road from the Sundre-Caroline highway into the Raven Hatchery would be constructed this summer. Mr. McDonald also advised that considerable work would be done on the rearing ponds at the hatchery, and that adult trout would be available in the large pond for the fly and bait casting competitions at the annual Raven Picnic to be held the last Sunday in July.

The main speaker of the evening was Dr. Miller of the Biology Division of the Fisheries Department, and he gave an interesting address on experiments conducted to determine the success of stocking Alberta streams with trout. Dr. Miller concluded his remarks with the summing up of these experiments to show that stocking streams with adult trout was not proving successful as all the stocked fish died in the streams within a year of stocking.

Dr. Miller will make a survey of the streams and lakes in our western country this summer and will not doubt have some interesting information to impart at local association meetings next fall.

LAST CARNIVAL PRIZE CLAIMED SATURDAY NIGHT

Second prize in the recently completed shopping carnival, a chrome kitchen set, table and four chairs, was claimed Saturday evening by Leslie Shells, who held ticket no. 15791.

First and third prizes were claimed previously, being won by Mrs. Wondel Goehse and Mrs. Molly Fulkert respectively.

C.P.R. TRAIN TIMES AT DIDSBURY

NORTHBOUND:
No. 521—(flag stop) 1:10 a.m. daily
No. 523—Daily except Sunday, 11:32 a.m.

No. 527—Daily "Eskimo" 10:00 a.m. (stops only on flag on Sundays)

SOUTHBOUND:
No. 524—Daily 4:46 a.m.
No. 522—Daily 12:46 p.m.
No. 526—Daily except Sunday, at 5:00 p.m.
No. 528—Daily 6:21 p.m. (stops on flag on Sundays only).

ACHIEVEMENT DAY SET FOR FRIDAY

A display of work done by the home economics class and by boys in the shop at the Didsbury school will be featured at Achievement Day, to be held in the two south-east buildings on the Mountain View Bible College grounds from 2 to 5:30 p.m. this Friday, June 6.

There will also be a fashion show in connection with the event and, as usual, there is no admission charge.

Tea and sandwiches will be served during the afternoon and everyone is cordially invited to attend.

Legion Donates To Scouts And Arena

The sum of \$100 each was voted to the Memorial Arena Board of Management and the Didsbury Boy Scouts at the May meeting of the Didsbury Branch of the Canadian Legion, held Thursday evening, May 29. Reporting to the meeting on Scout activities, an organization sponsored by the Legion, Bill Gillrie stated that approximately \$80 was raised at the recent Scout rummage sale. Votes of thanks were tendered to Ray Shantz for his volunteer services as auctioneer and to George Thring for supervising at the sale.

Mr. Gillrie also said that a bee for siding the Scout hall on the arena property will be called shortly.

Correspondence was read on a letter roll tournament to be held at the Regal golf course, Calgary, on June 14. Entries must be submitted to Al Engwer by June 8th.

Will Sherry was appointed coach of a Legion softball team and will arrange games with the Lions Club and others wishing to field a team. Details will be arranged on suitable dates.

Discussion took place on the possibility of having the Calgary Salvation Army band present a band concert in the Memorial Arena. The Didsbury Lions Club will be approached with the object of making the presentation a combined effort, with net proceeds going to the Arena Board of Management. Bill Payne will head the Legion committee and will contact the Salvation Army for a possible date for the band's appearance here.

"Hot Rod" car racing came up for discussion and a committee consisting of Bill Payne, Sid Wiggins and Chuck Alden was named to make preparations for the holding of this event in Didsbury. It was reported that the races were proving popular in the States and that "Hot Rods" were becoming increasingly popular in Canada.

The committee also decided that adult trout would be available in the large pond for the fly and bait casting competitions at the annual Raven Picnic to be held the last Sunday in July.

The main speaker of the evening was Dr. Miller of the Biology Division of the Fisheries Department, and he gave an interesting address on experiments conducted to determine the success of stocking Alberta streams with trout. Dr. Miller concluded his remarks with the summing up of these experiments to show that stocking streams with adult trout was not proving successful as all the stocked fish died in the streams within a year of stocking.

First Ball Game Ends In 8-8 Tie

Didsbury and Aldrie couldn't come to a decision in the first league baseball game of the season here last Wednesday, when the game was called at the end of the sixth inning because of darkness, with the score standing at 8-8. The game will be played off at the next meeting of the two clubs.

Aldrie got away to a good start and were leading 8-1 by the fourth frame but the two-platoon system of the locals paid off and they tied the count in the sixth.

Swift and Archer for Didsbury whiffed 10 batters while Moders of Aldrie accounted for the same number of strikeouts.

Score by innings:
Aldrie 302 300-8
Didsbury 031 022-8
Aldrie: McCracken, D. Edwards, Lorimer, R. Edwards, McLeannan, Pole, Martensen, Fletcher, Jarvis, L. Devine, T. Morgan, J. Gillrie, H. Krebs, N. Neufeld, R. Brownell, C. Swift, B. Freeman, B. Francis, E. Oke, J. Tuggle, E. Archer, S. Smith, H. Dyck.

In another league game played Sunday at Bowden Institute the Didsbury club came away with a very convincing 27-6 victory. We feel no more comment is required on this game.

This is the first untouched photograph released of the United States Air Force's new "jobah" super-bomber, the B-52 Stratofortress, which is shown in test flight at West Field, Seattle, Wash. The Air Force disclosed for the first time that the eight jet-engine plane has a wing span of 185 feet, is 153 feet long and its tail is 48 feet high. The giant aircraft's unusual landing gear comprises eight main wheels with additional small "protection" wheels which retract into the wing tips.

CHECK THE LABEL ON YOUR PAPER

The mailing list of The Didsbury Pioneer was brought up-to-date this week and any errors should be reported to the office immediately. If the label on your "Pioneer" reads June 1952 or prior your subscription is in arrears and an early settlement would be appreciated.

100 Attend Beef Calf Club Rally

About 100 attended the Beef Calf Club rally at the farm of Hugh Francis, west of Carstairs, on Saturday. After a picnic lunch on the lawn, Mr. Hugh McPhail, district agriculturist, introduced the founder of Francis Farms, Mr. John Francis, who came to that point in 1910. Now living in Carstairs, he still takes an active interest in livestock and gardening.

Mr. Howard Hamill, M.L.A., said before a bull could raise a good calf he must first be a good livestock judge, therefore he was donating a cup to the winner in the judging contest which will be held Sunday. The club leaders introduced were as follows: West Didsbury, James Hughes; Jutland, A. S. Brander; Carstairs, Alvis Turner; Crossfield, James Baxter; Olds, Lawrence Fisher.

The clubs were divided into groups and given three classes of Herefords to judge with score cards, the three herd sizes of Francis Farms, a class of cows and one of heifers. Mr. Hector McDonald of Crossfield placed them, giving reasons for doing so, while three of the juniors, Donald Robertson, Dorn Gillrie and John Fulton gave oral reasons for their placements.

John Fulton of the Carstairs club gave a demonstration on how to show a calf at the club sale, and Harold Schellke, assistant leader of the Carstairs club, gave a talk on washing and rooming a calf, as the weather was too cold to wash it as planned.

During the afternoon, Mr. Les Fulton, assistant director of club work for the province, was present and took movies of the interesting events on the program, which are to be incorporated in the movie which is being made of club activities in Alberta.

The club sale will be on June 4, with the separate judging of the five clubs in the morning.

EVANS-PAYNE COMBINATION WINS GOLF TOURNAMENT

Carding a net score of 83 over 18 holes Fred Evans and Mrs. Bill Payne took top honors in the mixed two-ball foursome event held at the local golf course Sunday.

Runners-up were Cliff Sorenson and Miss Vivian Catlin who were six strokes behind with a net score of 89.

Other net scores registered in the competition were: Joe Freeman and Janet Block, 92; Cameron Worlie and Marlene LeGrand, 93; Mr. and Mrs. Will Sherry, 95; Chas. McNeil and Mrs. Joe Freeman 110. Consolation prize for highest score went to the last named couple.

MAY DECLARE CANADA FREE OF FOOT AND MOUTH IN JULY

The veterinary director general of Canada, Dr. Thomas Childs, believes Canada may be declared free of foot-and-mouth disease by late July. If the favorable outlook is continued it was reasonable to believe that the quarantine to the U.S. would be lifted by late fall, he said.

Rev. J. Ferguson will be guest preacher at the anniversary services in Knox United Church, Didsbury, on Sunday, June 8.

C. F. Nicholl Honored On Retirement From Royal Bank

RING LOST 20 YEARS AGO FOUND AT LOCAL PARK

Twenty years ago a group of ballplayers were practising at the local park when a thrown ball knocked a signet ring from the finger of Reid Clarke. Half an hour's search at the time failed to bring the ring to sight. Last week H. Papke was crossing the ball park when he noticed a shining object in the mud and investigation proved it to be the ring lost 20 years ago by Mr. Clarke.

The ring, bearing the initials N.R.C., is in near perfect condition and still fits the finger from which it was lost so many years ago.

Town Council Has Quiet Session

Regular town council meeting was held Monday evening in the town office with one member absent.

Two building permits were issued, one to Mrs. George Miller for the excavation of a basement west of Rosebud Garage, and one to Tom Stiekney for erection of a frame building on property west of the hospital.

Correspondence was read from Canadian Western Natural Gas Company regarding gas franchise and was filed for future reference. Council will draft a by-law prohibiting sale of fireworks in town, except on May 23 and 24 and July 1.

DIDSBURY HOSPITAL BIRTHS

Born to Mr. and Mrs. Stan Gole on Monday, June 2, a boy.

To Mr. and Mrs. G. Sundberg of Carstairs on Sunday, June 1, a girl.

To Mr. and Mrs. Elwood Scott on Monday, June 2, a boy.

A sixth grade student, 11-year-old Barbara Ann Stinson, is seen here in what was left of the Alapaha grammar school after a tornado whipped through Alapaha, Ga., recently. Some 20 buildings were destroyed and the big wind whipped through town. Police said there were only three or four persons believed injured, one seriously.

Red Cross Canvassers Now Making Rounds

The Red Cross canvassers received their supplies at a supper meeting held in the Lions hall Tuesday evening and are now starting on their rounds of town and district in an endeavor to complete the job before the end of June, when it is hoped the local objective of \$2500 will be reached.

The Didsbury Red Cross Branch is the only local organization in the province which has delayed its campaign for funds until after the spring harvesting and seeding operations were completed, and the local canvass is a test to see whether or not the regular March campaign is held too early in the year, especially in western Canada. With this in mind, it is hoped that the canvassers will be their usual splendid job and donors will contribute as generously as in previous years. Didsbury district has never failed to reach its Red Cross objective and it will no doubt do so again.

Campaign headquarters will be in Reiter Brothers office and the following canvassers have been appointed:

East—Ken Burns, campaign chairman; W. J. Scheidt, Bruce T. Parker, E. K. Cullen, Henry Rempel, Bruce Shells, Robert Eckel, Lloyd Clipperly, Barney Elliott, Peter Schumaker, Mr. Lloyd Hayne, Mrs. Lawrence Hunter.

West—Roy McNaughton, campaign chairman; W. J. Scheidt, Billings, Cyril Brooker, Reid Clarke, Frank Jackson, Ross Youngs, Frank Ingham, Wallace Hughes, Gordon Ford, Art Waldorf, Art Worthington, Wm. H. Davies, Harvey Hoesgood, David Weiss, Osborne Thompson, Herman Ness, Ernie Walker, J. H. Robertson. Town—A. W. Reiter, campaign manager; George Thring, Joe Freeman, Mac Wood, Ed Klink, E. Cogswell, C. Alden, Mrs. R. Long, Mrs. W. Austin, W. A. Austin, Rex Dawson, Jim Hooper, Elah Shantz, Roy G. McArthur.

Contributions so far received by the Didsbury Branch of the Red Cross Society are: G. A. Law \$40; Mrs. M. Klink, \$25; W. H. Davies \$25; L. G. Kershaw \$10; Murdo Campbell \$5; Peter Cogswell \$10; W. D. Archer \$10; Nels Nielsen \$20; Elven Swalm \$5; Noah Swalm \$25; Ben Kershaw \$10; Mrs. Roy Adams \$5; R. McNaughton \$15; D. Archer \$10; C. E. Klink \$10; Norman Weber \$10.

A further list of contributions will be published in our next issue.

BALL GAME TONIGHT

Next scheduled game for Didsbury in Rosebud Baseball League takes place tonight (Tuesday, June 3, 1952) when Bowden Institute will be the visitors here.

Sunday, June 8, Madden play the first game of the season in Didsbury, play getting under way at 2:30 p.m.

Melvin W. I. Hears Report Of Conference

The May meeting of the Melvin W.I. was held at the home of Mrs. W. Summers with 12 members and one visitor in attendance. Roll call was frozen food ideas.

Mrs. L. Chandler, delegate to the Oids Conference, reported on the first day there. As she was unable to attend the second day Mrs. R. Youngs took her place and reported the events for that day. The Conference program was varied and extremely interesting. The flower and plant display and lecture was most enjoyable and one fact learned could be profitably repeated here, especially at this season of the year—to ensure the lasting quality of fresh-cut flowers, cut the ends off again indoors and cut them at a slant; then don't put aspirin in the water. Instead add a tablespoon of sugar to each quart of water.

In the housewreck contest Mrs. M. McEneaney was first and Mrs. E. Dupont second.

A quilt for the Red Cross was quilted during the afternoon, and a crocheted centerpiece was raffled with Mrs. M. McEneaney being the winner.

At the close of the meeting the hostess served a delicious lunch.

Mr. and Mrs. E. Dupont and Emilie were among the Didsbury sets who attended the square dance jamboree at Red Deer on Friday evening.

Weekend guests at the J. Schneid, miller home were Mrs. Violet Dunford, Esther Schneidmiller and Josie Mason.

*"My tractor's
making
money
now!"*

OF COURSE I knew all along that an idle tractor wasn't making money. But I didn't have the cash for the other machinery I needed to keep my tractor busy. That's why I went to the Royal Bank to see about those Farm Improvement Loans.

The Manager at the Royal quickly arranged the loan and I got the machinery I needed. That new equipment is paying off—and so is my tractor!"

FARM IMPROVEMENT LOANS
can also be used for

- New foundation or breeding livestock.
- Construction, repair or alteration of any building on the farm.
- Farm electrification.
- Fences, drainage and other developments.

Ask for a copy of this booklet. It tells all about farm improvement loans.

FOR A BEAUTIFUL COMMUNITY

There is something stirring about spring in Canada, a sort of fever that gets into the blood of its people, an urge to be up and doing.

All of a sudden, somehow, the sunshine takes on a vivid brightness that is lacking in winter—a brightness that shows up with startling clarity the ugliness that has accumulated during the snow-bound months.

Piles of rubbish, litter on the streets, shabby buildings, gaping fences, untidy gardens, all seem to cry out for something to be done.

Homes, too, seem to need the application of good soap and water and elbow grease.

It is well then that the urge to do inspires our people at this season for there is much to be done.

Small towns in Canada during the past few years have improved remarkably in appearance, the result of growing community pride. But most of them have a long way to go before the term "beautiful" may be honestly applied to them. In fact Didsbury is one of the few towns in Alberta that is even close to the "beautiful" stage.

What is a beautiful community? One, we would say, which shows the results of care and hard work, where business places, homes, parks, streets, gardens, are maintained with pride and good taste. Where flowers and trees are tended with loving care. Where the people take so much pleasure making their community attractive that they work harmoniously together to achieve that end.

How does our community measure up? Are there shabby, broken-down old buildings? Are streets strewn with papers and rubbish? Are lanes heaped high with refuse? Are boulevards allowed to grow rank with grass and weeds knee high? Is street lighting poor? Are business places down at the heels? Are lawns and gardens unkempt? Do homes and buildings need repair and paint?

If the answer is "yes" to even one of these questions, there is work to be done.

Beauty in Didsbury can be achieved only by everyone working together to clean-up, paint-up, plant-up, fix-up, light-up, and mow-down. Such a campaign this spring is a wonderful way to develop not only an attractive community but also a wholesome community spirit.

And strangely enough, we will gain immeasurably from the satisfaction of achieving together what no one of us can bring about alone.

Choose a FAIRBANKS MORSE WATER SYSTEM

There's a model for every need

Model 425M-30
Fairbanks-Morse
Shallow Well Water
System. Capacity 400
gallons per hour. Self-
cycling. Double-casting.
Self-priming.

F.M. Systems are backed
by a company with over
120 years of experience
in the building of
mechanical equipment.

Every F.M. pump
carries a top showing
actual delivery
of water to the
pump, certified by
an independent
laboratory.

Whether you need a system to supply the needs of a large farm, or to provide enough for household use in a small cottage, there's a Fairbanks-Morse Water System for the purpose. Every unit, whether for deep well or shallow well use, is built to give a lifetime of economical, trouble-free service. Most systems come fully assembled for easy, low-cost installation. Let us give you full details.

Agricultural SERVICE BOARD NOTES

W.K. Snyder,
Field Supervisor

Birdfoot Trefoil: A legume which promises to fill a long-felt need is being tried out experimentally. It has the feed value and palatability of alfalfa, which it closely resembles in appearance and handling qualities. Unlike alfalfa, however, it does not cause bloat and it will thrive and live a long time on soils which will not for one reason or another, maintain good or lasting stands of alfalfa. Trefoil does not have a tap root, but has several rather heavy roots from one crown, which go to plow depth. It has the ability to grow on land too wet for alfalfa and it also has the converse ability to grow on high ground and withstand drought, as it will send down numerous fine roots to a depth of three feet or more when necessary to obtain moisture. During the seeding year the plants are small and weak and they will not compete with weeds, or a so-called "nurse crop" of grain. However, through its roots in winter, it will be able to look after itself. The seed bed must be fine and very firm. If a man's footprints sink deeper than the thickness of the leather sole the seed bed is too loose. The seed, which requires a special type of inoculant, should be just barely scratched in about 1/4" and not over 1/2" inch.

In order to obtain some first-hand information on the adaptability of trefoil to our climate, the Agricultural Service Board has authorized me to obtain enough seed to set out a number of demonstration plots. We have already secured a number of such plots, so that of one acre in size and several 1/4 to 1/2 acre in size. If trefoil is suited to this country as we hope, it will fill a long-standing need as a legume in pasture land. We will inform you of the location of the demonstration plots in a future letter.

Building Trades Pricing Themselves Out Of The Market

Thanks to a high degree of organization, and of a leadership almost totally unconcerned with the public interest, the building trades have virtually priced themselves out of the housing market. As a consequence of high wages and a very low order of productivity housing costs have sky-rocketed, with the result that only about half as many houses will be started this year as were started in 1951.

Moreover, few of such houses as are built this year will be built for rent, since their high cost would necessitate an economic rental far in excess of what the average worker would, should, or in many cases could pay.

Because the wage and work policies of the construction mechanics have put housing beyond the reach of the average citizen there arises periodically a demand that "low-cost rental housing units" be provided by the State. One wonders what the term "low-cost" means in this connection. At current prices of labour and of housing materials the construction of any housing units cannot possibly be described as "low-cost". Presumably, then, the term "low-cost" is used to describe the level of rents.

In other words, the States is expected to put up housing units which must be costly under today's conditions and then to rent them to "the People". But what people? How, in the current climate of opinion, can a means test be developed? How, without a means test, can the high-cost low-rent housing be honestly distributed? Or will political pull, or bribery, or other favouritism become the basis for selection?

What the advocates of "low-cost rental housing units" are really demanding is that the State subsidize the highly organized and monopolistic construction worker, leaving him to enjoy his current moderate wages whatever the state of the housing market. In other words, when the consumer decides he can not or will not pay the price of housing demanded by organized labour, the State will help not the consumer but the high-priced union workman. Further, the State will do this by penalizing the low-paid worker through taxes, since only by means of taxes can the State raise the money necessary to support the monopolistic union worker in the style to which he has become accustomed.

Ours is supposed to be an economy ruled by the law of supply and demand operating through the price mechanism. If the State does not permit the price mechanism to work when it would be to the benefit of the bulk of the consumers, the State is helping to maintain a form of monopoly. It is also playing favourites in what is supposed to be a classless society.

TAX ON THRIFT

Theoretically the perfect tax would be a tax on inaction.

The proper man to tax would be the loafer, not the worker; idle land, not used land; inactive capital, not active capital; lack of enterprise, not enterprise.

Such a tax would not be practical but it would be more just.

Our present taxes are based on the opposite theory. We tax thrift, action, capital, enterprise. We levy taxes in proportion to ability to pay, which means that the harder a man works, the more he is taxed. The more thrifty he becomes, the more he is soaked. The more efficient he grows, the more he is shaken down.

—The High River Times

If the rungs of a chair keep falling out and glue alone doesn't seem to fix them, try wrapping a tiny bit of steel wool around the end of the rung before gluing it back into the chair.

Housing may be as short as the advocates of State-supplied "low-cost rental housing" declare. But the over-all situation will not be helped by throwing a greater tax burden upon the people of Canada as a whole, particularly at this juncture, in order that building mechanics can ride in their automobiles while their prospective customers ride street cars or use shank's pony.

—The Canadian Statesman

How "Skinny" Girls Get Lovely Curves

Gain 5 to 10 lbs. Now Pap

Thousands who have tried gain weight before, now have a simple, attractive system. No more empty stomachs, no more hunger. They think Pap. It gives them the curves they desire. Pap is a new food supplement that gives you the extra pounds you need. Don't let your diet be too strict. You can have your cake and eat it too. Pap is a new food supplement that gives you the extra pounds you need. Don't let your diet be too strict. You can have your cake and eat it too.

STAY SLIM, LIVE LONGER

Weight reduction pays real dividends in increased longevity in looking at some actuarial studies. While the life span of people generally is increasing, overweight people needn't take too much satisfaction out of the situation for the

death rate in their group is not improving but is becoming relatively worse.

One reason given by actuaries is that overweight lessens the individual's resistance to the degenerative diseases, such as those of the heart, kidneys, circulatory system, etc.

School Plan
As Regards Districts

This week in our covering of the
Byrne school report we reprint the
proposed plan for re-organization
as regards Carstairs. In next week's
issue we will continue our con-
sideration report with an outline of
suggested plans of re-organization
for the other points mentioned in
the report.

CARSTAIRS (Sub-Division 4)
Co-operating with Carstairs at
present are the districts of Boston,
York, Neudowdside, Hawkeye, Green-
wood, and the south half of Grand
Centre. Total enrolment at Car-
stairs at the time the report was
made was 211.

The high school enrolment of 35
students represents 16 per cent of
the total school population. If Car-
stairs is to be developed as an ade-
quate high school centre (at least
60 pupils) the total school popula-
tion must be increased. Further
centralization in Carstairs is feasi-
ble from the Sunnyside, Daven-
port, Tany Bryn and South Water-
loo districts adding substantially to
the total population.

The problems of the districts in
Sub-Division 4, east of Carstairs,
are receiving the consideration of
the board. The proposals to cen-
tralize the districts of Green Acres,
Rodney, Davis and Scotia at a centre
in Rodney, establishing there a
population of from 60 to 70 pupils.
This plan achieves the purposes of
greater economy and efficiency in
the elementary grades but does not
provide high school services beyond
Grade X.

There seems little hope of estab-
lishing a large centralized centre in
eastern districts that would achieve
anywhere near the enrolments neces-
sary to develop a good high school.
Assuming a location further
north, the total enrolments of the
New Berthal, Seibertville, Baneroff,
Davis, Green Acres, Hawkeye,
Meadowside, Scotia and Rod-
ney districts would not exceed 150
pupils. A small one-room high
school is the most that might be ex-
pected in such a centre, adequate
only if no other solution is possible.
With the centre at Rodney, however,
high school service of any type in
this area is no longer feasible.

This report suggests that central-
ization for the New Berthal and
Seibertville districts lies eventually
in Carstairs. With very little road
construction good routes could be
established that would not involve
excessive riding time. The Baneroff
district is more difficult to serve
from Carstairs as the school is 20
miles from town, though a route
from the edge of the district might
be of assistance to high school
students. The idea that a division-
al board should not provide trans-
portation for high school grades is
hardly in line with modern
practice. It is conceivable that a
bus might carry the senior pupils
only from Seibertville and New
Berthal and both the junior and
senior pupils of York. Establishing
the total population providing a
broader base for that centre as well
as extending high school services
to these districts.

Accommodation (Building Needs)
The Carstairs school is making
use of eight rooms, two of which —
the basement room and the con-
verted shop — are highly unsuit-
able. Two rooms are required im-
mediately on the basis of the present
enrolment, with the eventual
centralization of the districts men-
tioned indicating a need of from
four to six rooms. The board would
be well advised to proceed with
their plan to build a four to six-
room school designed for expansion,
including a home economics labo-
ratory and other ancillary rooms.
Whether this building is
used to house elementary or high
school grades is a matter for local
consideration.

It is impossible these days to "hit
the ceiling" over current prices.

THE EFFECT OF
2-4-D ON WHEAT

A three-year test at Morden Ex-
perimental Station indicates that
there are two periods in the growth
of wheat when it is very susceptible
to injury from an application of
2-4-D.

The wheat was sown on summer-
fallow and all the plots were kept
free from weeds, as the purpose of
the tests was to determine the effect
of the wheat alone of applying
2-4-D at different growth stages of
the crop.

The two stages of growth when
wheat is susceptible to 2-4-D in-
jury are: (1) when the wheat is
from 2 to 6 inches high; (2) when
it is in the boot or shot blade stage.
The safe period for spraying wheat
begins when the crop is six inches
in height — this is about the 5 or 6
leaf stage — and continues until it
is in the early shot blade stage.
Spraying wheat with 2-4-D after it
has reached the full shot blade
stage does not injure the crop.

A serious reduction in the yield
of wheat may be caused by spray-
ing it with 2-4-D during the two
unsafe periods mentioned above.

Boom Not Over

The Bank of Canada's suggestion
that bank credit could be eased
doesn't mean the boom is over, says
the Financial Post.

Easier credit conditions do not
necessarily mean that the credit
will be used. With prices leveling
and goods not in such "tight" sup-
ply, even if credit is used, it is un-
likely to bring any inflation. But it
should make business more pleas-
ant, particularly for the smaller
concerns.

There have been so many years
of rising prices and control pro-
grams, that to some persons any re-
versal may appear to indicate the
first steps of government policy to
avert depression. This is not the
case.

Our economy is like a teakettle.
While the steam is not rattling the
lid as it did a year ago, the water
within is still boiling. The Bank's
action should be taken only to
mean that inflation at least tem-
porarily has been halted, and a free
economy can get back a little closer
to normal.

Easing credit at this time is no
bear sign.

CHRISTIAN SCIENCE

The oneness of God and His en-
tire creation is to be expounded in
all Christian Science churches Sun-
day. The Lesson-Sermon is titled
"God the Only Cause and Creator."
This selection from "Science and
Health with Key to the Scriptures"
by Mary Baker Eddy, is to be used:
"There is but one creator and one
creation. This creation consists of
the unfolding of spiritual ideas and
their identities, which are embraced
in the infinite Mind and forever re-
flected." (pp. 502, 503). It will be
preceded by this Biblical declara-
tion from the Psalms: "By the word
of the Lord were the heavens made;
and all the host of them by the
breath of his mouth." (33: 6).

Summer
Play Your
Part in
"EXERCISE
FREEDOM"

Soon Reserve Force Units from coast-
to-coast will begin one of the greatest
summer training sessions in Canada's
history. Exercise Freedom will see
Canada's Citizen-Soldiers "in action"
— training and studying under field
conditions.

More men are needed immediately
in the Reserve Force to take part in
this great national effort. Every Cana-
dian citizen who is physically fit has
a part to play in this programme of
defence. If you cannot go Active then
the least you can do to exercise your
freedom is to join the Canadian Army
Reserve Force.

Do not miss "Exercise Freedom"
this summer. If you are in the Reserve
Force you must take part in this most
important phase of your training this
year. If you are not in the Canadian
Army Reserve Force, join the regiment
of your choice immediately! Join in
Exercise FREEDOM this summer.

MOUNTAIN VIEW

Sunday supper guests with Mr. and Mrs. Ed McNeil and Charles, were Mr. and Mrs. Carl Stull and boys of Carstairs.

Mr. and Mrs. Louis Kohut and Mrs. Bob Stone and Bobby visited over the weekend with relatives in this district.

Mr. and Mrs. David Pratt and family were Sunday dinner guests with Mr. and Mrs. Allen Hughes and boys.

Mr. and Mrs. Roy Gale and children were dinner guests Sunday at the home of Mr. and Mrs. Gus Olson.

Mr. and Mrs. Harold Swanson and family were Sunday afternoon and supper visitors with Mr. and Mrs. J. Worrall.

Congratulations to Mr. and Mrs. Duane Fobes on the birth of a daughter, Brenda May, on May 26, a sister for Judy and Sharon.

Mr. and Mrs. L. Hunter visited in Calgary on Sunday with Mr. and Mrs. Howard Miller and Howard, and other relatives.

Mr. and Mrs. George Brown and family visited Sunday afternoon with Mr. and Mrs. Greenville McCaig and girls.

Mr. and Mrs. Joe Hunter and family, Mr. and Mrs. Pete Neufeld and Jim Clarke, were visitors at Pine Lake on Sunday, and Mr. and Mrs. T. J. Hunter and girls joined them at the lake for a picnic supper.

Mrs. Arthur Geber, Gordon and Myron, were visitors Saturday night with Mrs. Birdell and Sam McAllister.

Mrs. Gebers, Myron Gebers, Mrs. Eric Atkinson and Ella Jans were Calgary visitors on Monday.

EAST NOTES

The next Lone Pine W.I. meeting will be held at the home of Mrs. Chris Ehret on Wednesday, June 11. Mr. Fred Metz, Mrs. Dowell and Winnie Bittner motored to Calgary on Thursday on business. While there they called on Mrs. Joe Clarke.

Mr. and Mrs. Schumaker took in the horse races in Calgary on Monday and Tuesday.

Mrs. Floyd Ahlgren was a business visitor in Calgary on Monday, May 26, and called on Mrs. Joe Clarke.

Mrs. Dowell and Winnie Bittner took in the Stanley Product tea which was held at Mrs. Jack Underhay's last Wednesday afternoon.

Mr. and Mrs. Walter McCulloch and Mr. and Mrs. Gus Bittner motored to Saskatchewan for a few days to visit with Mrs. McCulloch's sister.

The Lone Pine Orioles met at the home of Gladys Shells to make out the yearly book.

Mrs. Patterson and Eddy were last Monday evening visitors with Pat Sprague and family and Winnie and the boys.

The Weiner roast which was held at Burnside school last Friday turned out to be a big success, everyone having a good time.

Mr. and Mrs. Rathburn and family called on the latter's parents on Friday after school let out.

Fred Metz left Friday for Alliance to visit with his sister, Mrs. Coyne and family, and with his aunt.

Mrs. Lucille Thompson, Harold Hobbs and Teddy Weal, Gertrude and a friend of the latter, all of Calgary, visited Sunday with Mr. and Mrs. Alf Thompson.

Mr. and Mrs. George Clark and Carol, of Hobbema, visited over the weekend with Mr. and Mrs. Elliott and family.

Billy Hummel was seen in the neighborhood and called on the Schumaker boys.

BERGEN NOTES

Nineteen ladies were in attendance at the May meeting of the Bergen Ladies Aid Society held at the home of Mrs. Solveig Clarke. The usual business meeting was held and the treasurer's report given.

A quilt will be set upstairs at the home of Mrs. Royal Cook so that members can go and quilt when they can find the time.

The Cancer Fund books were handed in and the sum of \$53.50 has been collected to date. The ladies wish to thank all who contributed, making Bergen's first Cancer drive a success.

Mrs. Endred Mjolsness will be the hostess for the June meeting.

The hostess served a lovely lunch. Trygve Haug caught a brown trout in the Fallen Timber last week which measured 19 inches.

Letter To The Editor

I wish to take this opportunity to express to my many loyal supporters of Didsbury and community, my most sincere appreciation of their splendid support at the nominating convention held at Carstairs May 21st.

HOWARD G. HAMMILL

M.V.B.C. NEWS

The Young People's Class of the United Missionary Church honored Miss Jean Frey, a June bride-elect, at a Chinese dinner, Thursday evening at 7:30. Eighteen persons, including a couple of visitors, greatly enjoyed the evening, especially after they became somewhat accustomed to the chopsticks provided by their teacher, Miss Gladys Ely. The class presented Miss Frey with two lovely cups and saucers as a remembrance of the occasion.

Some of our College graduates are finding places of useful church service in this community. Mr. Norman Schater, who graduated with the degree of Bachelor of Sacred Literature this spring, has been elected president of the Youth Fellowship of the United Missionary Church. Mr. Charles Matson, B.Th., also has a position on the executive of the society while he works at the College during the summer months, and occasionally takes preaching services. These young men are contemplating future work in the church.

Miss Myrtle Anderson, graduate of M.V.B.C. and now supervisor of a large school in Nigeria, Africa, is a guest of the College as she carries on her speaking itinerary in the Conference this summer. Miss Anderson will be speaking on Thursday, both afternoon and evening, at the Missionary convention to be held in the United Missionary Church here.

The I.S.C.F. group will be in Calgary on Tuesday evening of this week, and will present an interesting program to the Calgary group. Miss Gladys Ely has been asked to address the meeting.

David Anderson, a Grade XII student of the local high school, accompanied Orland Boettger, Bible diploma graduate of this year, to his appointment at Headley, on Sunday. Mr. Boettger has accepted the church as pastor and will be moving to that field within a week or two.

The class rooms of the College have been carefully cleaned in preparation for the high school display of work in both shop and home economics. The fashion show will be presented on Friday, and we trust the accommodation will meet with the approval of the town people who will be attending. We extend our best wishes to those who are putting on this display.

We appreciate the donations of vegetables, fruits and eggs. We now have 44 dozen eggs in water glass and the rhubarb looks lovely in the jars on the pantry shelves of our supply room. As the days go by others will be adding to this supply and a number of ladies are ready as usual to assist in this needful work. Our many friends will not fail us this year, we are sure.

The Board of Trustees is studying the tentative plans for the kitchen basement. They hope to be able to carry out the work of renovation in all its details as soon as vegetable funds permit. The kitchen needs built-in cupboards and new linoleum on the floor. If you, too, would like to know more about the plans, we welcome you to look at the present condition and to talk to us about it. Possibly there has never been a greater need than this in the College by way of renovation, and we hope soon to see this work accomplished.

Monday evening friends of Miss Jean Frey expressed their best wishes to her by way of a shower. Miss Frey will soon be leaving for new fields of labor as a pastor's wife, and the beautiful gifts presented to her were indicative of the esteem of her many friends here. Miss Helen Swaim and Miss Dorothy Stauffer were the conveners for the event. After the presentation a lovely luncheon was served in the College dining hall. Best wishes, Jean.

WESTCOTT UNITED CHURCH TO CELEBRATE 50TH ANNIVERSARY

Westcott W.A. met at the home of Miss Ruth Johnston for the May meeting and 4 members and 13 visitors were present.

Devotional was given by Mrs. Hazel Youngs and the missionary topic was conducted by Mrs. Dorothy Hoegood. The study was on "Fellow Canadians from the Orient." The citizenship topic, "A Canadian" by Vincent Massey, was given by Mrs. G. Youngs.

Westcott United Church will celebrate its 50th anniversary on Sunday, June 8, at 11:00 a.m., when Rev. Ferguson of Nelson, B.C., will be the guest speaker. Rev. Ferguson will be the first minister at Westcott and should have an interesting message. A pot luck dinner will be served following the service and everyone is welcome to attend.

The June meeting of the W.A. will be held at the home of Mrs. A. Wahl in Didsbury on Tuesday, June 17.

The meeting closed with "Blest Be the Tie" and Benediction by Rev. Armstrong.

A lovely lunch, served by the hostess, brought the afternoon to a close.

LITTLE ITEMS OF LOCAL INTEREST

Mrs. J. R. Cunningham attended the W.S.W.S. convention in Warner last week and will spend some time with her son and family in Taber before returning home.

Just in! The new Blister Piccoly, in six new colors. Come in and have a look at Ranton's.

Mrs. E. Dippel and Mrs. J. L. Tuggle attended the W.S.W.S. convention held in Warner last week.

Born to Dr. and Mrs. Dalton Deadrick, Peace River, on June 3, a daughter.

Mrs. Walter Chmell and baby son of Edmonton are spending the summer at the home of Mr. and Mrs. Robert McMullen at Elkton.

Rev. A. J. Grams is attending the annual conference of the Evangelical Church, being held in Calgary. Mrs. M. Dippel is a delegate to the conference.

Miss Gray, missionary nurse from India, will speak in the Anglican church on Friday, June 13, at 8:00 p.m. Everyone welcome.

Mr. and Mrs. E. B. Grange spent the latter part of last week at Buck Lake and enjoyed fishing for pickerel, returning with 32 nice fish.

Miss Lorna Harvey left Monday for Banff to attend the 41st Grand Session O.E.S. of one of the grand pages.

Mrs. Van Wyck accompanied her daughter, Mrs. Arnold of Empress, to Banff on Monday.

WESTERDALE

Mr. W. Herbert left on Friday on an extended trip to England.

Mr. and Mrs. F. Herbert's baby daughter, spent five days in the Didsbury hospital last week suffering with pneumonia. However, she was brought home Saturday afternoon and is making rapid recovery.

Little Roger Jackson was taken to the Didsbury Hospital last Wednesday afternoon suffering from an infection in his left eye, caused by a slight scratch just below the eye. It is hoped he will return home Tuesday.

Forty-two persons, including the children, attended the 10 a.m. service on Sunday. Service will again be held at 10 a.m. on June 29.

The Junior baseball team played at Hamilton Monday evening against a team sponsored by the Olds Elks. The locals lost by a 15-10 score.

An interesting game was played on Sunday when Waterside were the visitors. The locals held the lead until the seventh inning, but the final score was 10-9 for Waterside.

WEST NOTES

Mr. and Mrs. H. Krebs and Mrs. O. Krebs were dinner guests with Mrs. H. Block in Didsbury Sunday, May 25.

Mrs. K. Konechuh was a Calgary visitor for a few days last week.

Mr. and Mrs. C. S. Hogg and family of Calgary were weekend visitors at the former's home here.
